

Hej, Beets!

There are 500 Beets in our Borsch! Let's celebrate! 🎉

In 2012 there were just 2 Beets in our Borsch. By 2015 we were 50, and now, in 2020, we're 500 Beets strong! 🍷 By the end of 2022, we're planning to grow to 1000+ Beets in our Beetroot ecosystem, and, by 2029, be the most (sustainably) impactful company in Ukrainian IT, and a significant force internationally!

But it's 2020, and at 500 Beets we're already halfway to our 2022 goal! Let's pause and celebrate! 🍷
